3. **Re-exportation of imported goods:**

3.1 There are often occasions where imported goods may have to be re-exported such as when the import goods are found defective after Customs clearance or are not found as per specifications or requirements. Various machinery items imported for use in certain projects or otherwise are also often to be re-exported by the original owner. Re-exports can be made by sea, air, baggage or post.

3.2 Section 74 of the Customs Act, 1962 provides for grant of Drawback @98% of the Customs duties leviable at the time of importation, if the goods are re-exported by the importer, subject to certain conditions. The re-export is to be made within a maximum period of two years from the date of import (which period can be extended on sufficient grounds being shown) and goods have to be identified with the earlier import documents and duty payment to the satisfaction of the Assistant/Deputy Commissioner of Customs at the time of export. If such goods are used after importation, Drawback is granted on a proportionate basis but if such goods are re-exported after more than 18 months of import ‘nil’ Drawback is admissible. Further, no Drawback of the import duty paid is permissible for specific categories of goods such as wearing apparel, tea chests, exposed cinematographic films passed by Film Censor Board, unexposed photographic films, paper and plates and x-ray films. Also, in respect of motor vehicles imported for personal and private use the Drawback is calculated by reducing the import duty paid according to the laid down percentage for use for each quarter or part thereof, but upto maximum of four years.
